Air Quality Forecast for the UK

Issued by the Met Office

Today: Fine and sunny weather along with light winds, may allow for isolated areas of Moderate air pollution to develop, mainly across southern England. Otherwise Low levels of air pollution are expected.

Tomorrow: Little change on Friday with further isolated areas of Moderate air pollution potentially developing across southern England due to the light winds and fine weather. Otherwise Low levels expected.

Outlook: Some showers, and more limited sunshine will ensure Low levels persist over the weekend. Further pockets of Moderate possible in the southeast Monday, with very warm and sunny weather developing.
